

TIMCC Workshop "Angiogenesis"

May 21-22

Organizers: Anna Dimberg and Sara Mangsbo
Venue: The Rudbeck laboratory, Uppsala, Sweden

Wednesday May 21st, 2014

09:00-09:15: Coffee and Tea

09:15-09:30 Welcome

09:30-12:00 Updates on research projects by ERS and ERs
(15 minutes per presentation)

09:30-09:45 Olympia Papantonopoulou, UBO

09:45-10:00 Sander Tuit, UBO

10:00-10:15 Maria Georganaki, UU

10:15-10:30 Luuk van Hooren, UU

10:30-11:00 Coffee and tea

11:00-11:15 Aura Kaunisto, Alligator

11:15-11:30 Linda Sandin, Synovo

11:30-11:45 Agata Krygowska, QMUL

11:45-12:00 Eleonora Li Causi, QMUL

12:00-13:00 Lunch

13:00-15:15 Updates on research projects by ERS and ERs
(15 minutes per presentation)

13:00-13:15 Bianca Cioni, NKI

13:15-13:30 Camilla Salvagno, NKI

13:30-14:45 Anastasia Polikarpova, TUD

14:45-15:00 Short break

14:20-14:40 Lina Muhandes, TUD

14:40-15:00 Heng Sheng Sow, LUMC

15:00-15:15 Hreinn Benonisson, LUMC

15:15-16:00 Coffee and tea

16:00-16:45 Seminar by Lena Claesson Welsh, Uppsala University, Uppsala
VEGF and regulation of angiogenesis

16:45-17:00 Short break

17:00-17:45 Seminar by Anna Dimberg, Uppsala University, Uppsala
Tumor angiogenesis

18:00-18:45 Social hour

19:00 Dinner and Bowling

Thursday May 22nd, 2014

08:55-12:10 Vascular Biology Symposium Series
Chair: Lena Claesson-Welsh

08:55-09:00 Welcome, Lena Claesson-Welsh

09:00-09:30 Kari Alitalo, Biomedicum, Helsinki
Lymphangiogenesis: Novel insights to basic mechanisms and therapy

09:40-09:50 Lars Jakobsson, Karolinska Institutet
Angiogenesis or vascular malformation? Connections to a human genetic disease

09:55-10:05 Christian Göritz, Karolinska Institutet
The role of Pericytes in Central Nervous System Scarring and Fibrosis

10:10-10:40 Coffee and tea

10:40-11:10 Chenghua Gu, Harvard Medical School
Cross-talk between nervous and vascular systems in the CNS

11:20-11:50 Ralf Adams, MPI, Münster
New branches on the vascular tree: organ-specific roles of blood vessels

12:00-12:10 Conclusions, Christer Betsholtz

12:10-13:15 Lunch

13:00-16:00 Workshop Angiogenesis

13:15-14:15 Seminar *In vitro and in vivo models of angiogenesis*

14:30-16:00 Workshop (3 groups)

16:00-17:00 Wrap-up and Drinks

17:00 Departure
